

SALI 6023 MONITORING & EVALUATION

Evan D. Green

Vice-President M&E, RBM and DRM, Baastel

Evaluation of Outcomes and Impact PUBLIC LECTURE

Evan Green is a developer, monitor and evaluator of international development projects and programmes and national, regional and international strategies, programmes and plans, as well as the vice-president and senior partner for Baastel, managing the Results-Based Management (RBM) and strategic planning, Monitoring and Evaluation (M&E) and Disaster Risk Management (DRM) units. He specializes in the development of large and complex M&E Frameworks, tools and systems for national and regional organizations, with a particular focus on the Sustainable Development Goals (SDGs). Evan has worked with many bilateral and regional agencies and international institutions, particularly in Latin America and the Caribbean, where he has managed Baastel's programming since 2007.
